

To the Members of the California State Assembly:

I am signing Assembly Bill 2470 as it strikes a balance between public safety on private college and university campuses and the rights of individuals to protect themselves.

I support this bill because, while prohibiting the display of imitation firearms and the possession of less than lethal weapons and stun guns on public and private colleges and universities, it does provide an exception for a less lethal weapon or stun gun if written permission is obtained from the college or university president or chancellor.

Sincerely,

Arnold Schwarzenegger
